

richlite® fsc

Richlite Company, manufacturer of Richlite premium paper-composite architectural surface materials, introduces the new Richlite FSC (Forest Stewardship Council) Certified collection. FSC is a global non-profit organization devoted to encouraging and monitoring responsible management of the world's forests.

Richlite FSC has a matte finish that brings a warm soft ambience to a room that's rarely achieved through stone or solid surfaces. The versatile material is dense and durable, heat resistant up to 350 degrees, and stain resistant. Beyond countertops, Richlite is a popular surface material for wall caps, stair treads, work surfaces and related architectural applications.

Richlite FSC comes in seven colors with names that reflect natural and historic landmarks near Richlite's headquarters in Tacoma, Washington: Yellow Island, Blue Canyon, Redstone, Black Diamond, Chocolate Glacier, Browns Point and Green Mountain.

In addition to FSC certification, Richlite products are GREENGUARD certified for indoor use in residential, school and institutional environments, as well as contribute to LEED points. Richlite Benefits:

- Dense and durable nonporous construction
- Stain resistant
- Heat resistant
- Able to accommodate long spans and cantilevers without additional support
